## SWORDY'S GRAND DRAW – Your Chance to Win \$50,000

Paul Sadler Swimland is proud to announce its most exciting ever incentive for customers, Swordy's Grand Draw, which will give one lucky PSS customer a chance to win an amazing \$50,000! That's right: **\$50,000!**

Swordy's Grand Draw commences five weeks before the end of term and also includes weekly prizes of a term of free swimming lessons.

**One term of swimming lessons will be given away every week at each site for the last five weeks of term.**

To enter, all you have to do is pay next term's fees in full prior to the end of this term.

**The earlier you pay your fees the more chances you have to win.**

You will receive two entries into Swordy's Grand Draw for every week prior to the end of term that you pay, including the week of purchase, plus you will go into the weekly draw for a term of free swimming lessons every week until the end of term.

For example, if you pay five weeks before the end of term, you will receive 10 entries into Swordy's Grand Draw, plus five entries (one per week) into the weekly draw for one free term of swimming lessons: that's five chances to win a free term of swimming lessons.

**All new and existing customers are eligible!**

The draw for the chance play Swordy's Grand Draw will be conducted on **Monday 18 April**.

The customer drawn will participate in Swordy's Grand Draw on the first Saturday of next term (**30 April**), at the Paul Sadler Swimland site where the customer has their swimming lessons. This lucky customer will receive a guaranteed prize of **\$5,000**, and will have a chance to win an incredible **\$50,000!**

All prize winners will be announced at every Paul Sadler Swimland site and on the Paul Sadler Swimland website. Swordy's Grand Prize winner will be announced in **The Australian** newspaper on **7 May**, the Saturday following Swordy's Grand Draw.

Swordy's Grand Draw is a registered game of chance.

## WINNERS ARE GRINNERS – PSS Wins Solar City Challenge

Paul Sadler Swimland recently participated in the **Central Victorian Solar City** launch at the Bendigo Bank complex. Swimland's representatives, Tom Kelly (engine room), David Meade (home straight specialist) and Mark Drill (plodder), won the bike-powered challenge, beating many other local businesses and receiving a lovely hamper from Bendigo Wholefoods for their trouble. More importantly, Swimland was very pleased to be able to support this government initiative, which provides **FREE home energy assessments** to local residents in an effort to be a cleaner and greener region. Call **03 5479 1900** for more information, or go online at [www.centralvictoriasolarcity.com.au](http://www.centralvictoriasolarcity.com.au).

## Deck and Change Room Etiquette – Let's All Chip In

For the comfort of mums, dads and swimmers, we ask that you please leave bags and towels, etc. (minus any valuables) on the hooks and racks provided in our change rooms. This will keep the bench seats on Deck clear for those wanting to sit down. Thank you for your cooperation.

## INTRODUCING DAVID RYAN – New Squad Coordinator

Congratulations to our newly appointed Squad Coordinator **David Ryan**. After four years of teaching/coaching and one year of managing the St Kilda Swim Academy, David brings a great deal of experience to this position and is very excited about his new role.

A little over 12 months ago, David and new wife, Aimee, decided on a tree change and selected Bendigo as the town that held the most attraction. We consider ourselves very fortunate that they moved to our area, and that David chose to join the Paul Sadler Swimland team. We'd like to formally welcome David into the fold and wish him the best of luck with his ongoing development.

We would also like to take this opportunity to thank **Amy Waterson** for her many years of loyal service at Paul Sadler Swimland Bendigo. We love Amy and, though she will be missed greatly, wish her a safe and fun filled trip overseas. Be sure to look us up when you get back Aims.

## Revised Pumpkin Lesson – A more 'hands on' approach

Early indications are that the revised Pumpkin lesson plan is helping our swimmers finetune their strokes and better achieve their Red certificate. This is most likely a direct result of the new lesson plan having:
