

68 YOUNG GUNS AT PAUL SADLER SWIMLAND

20/07/2009

Whilst we are extremely proud of all our swimmers who successfully take on the challenge to swim their 3km Gold, we hold a special place for our youngest swimmers.

Those who are able to complete this amazing feat at the age of 7 years or younger are considered 'Young Guns.'

Paul Sadler Swimland has had a lot of success over the years motivating many 'Young Guns' to complete a 3km Gold Swim.

In June 2009 we added one more to an already exhaustive list, with seven year old Evana Miesen (left) completing the 3km non-stop freestyle swim.

Over the last eight years Paul Sadler Swimland has encouraged 47 seven year-olds, 13 six year-olds and 8 five year-olds to successfully swim 3km freestyle non-stop.

Congratulations Evana, all at Swimland are very proud of you!
